Call for details	Need it RUSHED?	We know that sometimes you may need a case even faster than our standard turnaround, so we offer Rush Cases at no charge. All we ask is a little heads up. Just give us a call with the details and we'll do everything possible to accommodate you.					
	*Same Day/Next Day Repairs & Relines	We offer same and next day simple repairs and relines for office within a certain radius of the lab. Please call for details.					
	Crown Fit to Partial	We understand that patients do not want to be without their partial while we fabricate their crown, so we have several options to help you balance the need for accuracy with your patient's comfort. Several variables can impact the turnaround for these cases, so please call to discuss the particulars.
